

Software Developer (Data Warehouse Solutions)

Location: Katowice

Wondering how your work will look like?

Imagine that you are...

part of autonomous Scrum team < taking full responsibility for developing software < working in legal technologies on ediscovery projects using the latest version on Microsoft's development tools < using TDD/BDD and variety of automation tools on daily basis < having long term vision of multiple projects < using English every day in communication with Kroll Ontrack employees in the US, UK and Japan < working WITH your manager, not FOR them

Requirements:

- Experience in C# and MS SQL Server, T-SQL
- Experience with working in continuous processes environment: continuous integration, continuous deployment, test automation
- Good knowledge of English
- Focus on continuous improvements
- Being a team player
- Good communication skills

Nice to have:

- Experience in
 - Hadoop
 - SQL Server – Reporting Services, Analysis Services
 - Messaging Systems e.g. Rabbit MQ
 - Test automation
 - Working with software development open source projects related with databases/data warehouses
 - Integration data from multiple data sources and in working with big data

We offer:

- Fun and friendly atmosphere (board games, card games, console games, whatever tickles your fancy – we've got it!)
- Multiple internal initiatives like:
 - Lightweight communities of interest (e.g. Buggy meetings, Scrum Community)
 - Technical mentoring program (you can have personal mentor or you can be a mentor for others)
 - Soft skills, leadership Academy and more!
- Good coffee and Sweet Monday every week!
- Attractive package of benefits , i.e. private medical care (Medicover) and a sports card (Multisport)
- To keep creativity on high level, you can work with students on the University:
